NARRATIVE:

On 1/1/2016 at about 1430Hrs I was dispatched to a call of an explosion on Holy Road. I marked enroute and asked dispatch to contact Virginia State Police and to send out a chain of command notification with the current information. As I arrived in the area on Holy Road I noticed that Virginia State Police were already in the area with members of Richlands Fire and Rescue. Trooper Patton and I spoke with a member of the fire department who stated that neighbors advised the explosion came from the area close to the intersection of Holy Road and Jewell Ridge Road. They also reported seeing smoke.

Deputy Dunn and I began to knock on doors. The first residence I went to was 174 Holy Road. I could not get anyone to answer the door. There was a white Chevrolet S10 truck in the driveway with Virginia tag WND7618.

Deputy Dunn went to 190 Holy Road and made contact with two females at that location. These two females were later identified as Karen Carini (mother of the suspect) and Linda McGlothlin (grandmother of the suspect). We spoke with these two for a short time and they advised that they had heard something and could not tell what it was or where it came from. They advised that there had been several loud noises in the area recently and offered different examples of what they could be such as their neighbors target practicing with their muzzleloaders or a gas well explosion. After speaking with these two subjects it did not appear that they could tell us anything about the situation.

We then went to 148 Holy Road and could not get an answer at that residence.

Trooper Patton went to 130 Holy Road and was able to make contact with a resident there. When Trooper Patton exited the residence after speaking with this subject he advised us that Cole Carini (Suspect) was seen running from the area of the explosion. He was seen throwing something behind a building located at 174 Holy Road after the explosion then running to his residence at 190 Holy Road. At about the time that we received this information dispatch received a call from another witness who wished to remain anonymous stating that Cole Carini had set off the bomb at a play house. This play house was described as a little red shack. The caller also stated that Cole should be in his residence.

With this information Deputy Dunn, Trooper Patton and I walked back to the residence located at 190 Holy Road. I had turned my MVR on at this point as we walked over to this residence. Once at the door I knocked and attempted contact again at the residence. After a few moments a young

NARRATIVE:

man responded to the door. I asked him if he was Cole and he identified himself as Neal. I asked Neal where Cole was and he informed me that Cole was upstairs. I also asked how old Cole was and I was informed that Cole was nineteen years old. I requested that Neal get Cole and have him come outside to speak with us. Neal advised that he would and went back into the residence. A short time later Neal came back to the door and informed me that Cole stated that he, "Does not want to submit to any questions at this time". Trooper Patton and I advised Neal that we could get a bomb technician to come out to speak with him or he (Cole) could come out to speak with us. Neal went back into the residence at this point to advise his brother. As I waited outside I could hear what sounded like someone coming down the stairs. I could then hear a male and a female subject talking. The male voice sounded like Neal and the female was later identified as Cole and Neals mother. The female was telling Neal to say that she was in the shower. I could then hear Neal telling Cole to "come on". Neal came back to the door and advised me that he was still trying to get his brother. I asked Neal his age and he replied that he was fifteen years old. I asked where his mother was and he replied that she was in the shower but she would be out soon. After a few moments a male subject exited the residence saying hello. I asked if he was Cole. I then identified myself and Trooper Patton to him. I began to explain our reason for being in the area and what we were investigating. I also informed him that after speaking with people in the area we were advised that he was seen running from the scene of the explosion. He replied saying "have you ever heard of reactive targets?". I informed him that I have and he stated "I shot one of those. I was taping and I didn't think it was going to cause any issues. I had it out in a field and I didn't have anything around it I made sure it was as safe as possible". I asked Cole to show us where it was and where he did this. He agreed and we began to walk over to the side yard of 174 Holy Road. As we walked over we asked Cole what he shot the target with and he stated that he had shot it with a shotgun. He stated that the shotgun was in the house. Cole showed us where he had placed the target and shot at it. He showed us a spot with what appeared to be several small pieces of cinder block. We asked him where he shot from and he pointed toward the area of his "club house"/railroad tracks. With the way he explained the events he would have been shooting toward the roadway. I asked Cole to confirm that I was understanding correctly that he was shooting toward the roadway and he stated that he made sure that no cars were coming. I asked Cole what he threw behind the building. Cole stated that he didn't throw anything behind the building. He stated that he just ran inside because he was afraid of stuff raining on him. Trooper Patton asked Cole how many more of these exploding targets he had. Cole's mother then said, "yeah how many more?". Cole replied that he had three more. Cole's mother said to him, "Why don't you go ahead and give them to them?". Cole didn't reply. I asked Cole if I could look at one of them and he replied, "Sure, you can see one". He then began walking toward 190 Holy Road. As he walked Cole stated that he didn't believe that they were dangerous. Cole's mother then stated that her sister-in-law bought them that she didn't buy them for Cole. Trooper Patton walked with Cole as I stayed and spoke with Cole's mother. She began telling me how Cole was Autistic and about how many guns were in the home. I explained to her the severity of the situation with him shooting in the direction of a roadway. She replied that she didn't think that he shot it, she believed that he set it on fire. I reminded her that Cole stated that he shot it. I then asked her if he came into the house with a gun and she stated no and again said that she believed that he lit it on fire. Cole and Trooper Patton approached me with one of the explosive targets. As I opened it Cole stated, "I actually used less than that too".

NARRATIVE:

Cole's mother then told Cole that she wanted him to go and get all of them that he had and to give them to Trooper Patton and I right now. Cole asked if there was a "safer way to play with this stuff?". I informed him that you don't play with things that explode. Cole's mother then raised her voice toward him and told him she wanted him to go and get every one of these that he had and to give them to the officers right now. Cole began asking if he really had to get rid of them. Cole's mother told him that he did. Cole asked if he legally had to give them up. His mother continued to tell him to go and get them. I informed Cole that he needed to listen to his mother. Cole's mother told him that he could either get them or be cuffed that he could decide. Trooper Patton informed Cole that what had occurred at this point was reckless handling of a firearm. I informed Cole that regardless of whether he could have them or not, his mother didn't want them in the house and that he needed to listen to his mother. Cole then asked if he could keep them in the woods and we told him that he could not. Cole was asked to get the other targets and we would discuss what we needed to do from that point. He reluctantly complied.

While Cole went into the residence to locate these items. I turned off my MVR and discussed the situation with Trooper Patton and Trooper Nelson.

When Cole and his mother came out of the residence with these items I turned my MVR back on. She had Cole give us these items and then told him to go back to the residence. I told Cole to wait because I needed to get some more information from him. I told Cole's mother that I would be doing a report on this matter and contacting the Commonwealth Attorney's Office. I went on to explain that if he was going to be shooting a firearm that he needed to do it in a safe manner. Cole then stated that he did not shoot the targets that he had made, "makeshift blasting caps" and set it off. I asked Cole what he was making these out of and he said, "I took a metal pipe and shoved it full of gun powder and set it inside it and set it off safely". I then asked him where he was getting the gun powder from and he stated that he bought it. I asked him what he was putting the gun powder in and he went into detail of how he made these "blasting caps" and set off the explosion. He also said he had this on tape and offered to get the camera and show me to prove that he actually lit it with a fuse. I told Cole to go ahead and get that for me if he would like to show me. Trooper Patton then asked Cole what else he had in his room that he didn't want us to see. Before Cole could answer his mother interrupted saying, "Cole, there is nothing, you don't have to answer that. There is nothing up there". His mother told him to get the video. Cole started to walk away apologizing for lying about shooting the firearm. As he walked away I made the decision that it would not be safe to allow Cole back into the residence due to his mothers reaction I had Cole stop and I handcuffed him behind his back. I double locked the cuffs and informed him that he was being detained at this time. Cole was escorted to my vehicle and placed in the rear transport area of my vehicle. My vehicle was moved over to the driveway located at 190 Holy Road.

At this time it was decided to contact Virginia State Police Bomb Technitians. I also had dispatch contact the on call detective and requested he call me. I received a call from Lt. Brown and updated him on the situation. Lt. Brown responded to Richlands Police Department and began working on search warrants for this incident. Once the search warrants were obtained Lt. Brown responded to the scene with additional Virginia State Police units and the search warrant for 190 Holy Road was executed and Lt. Brown interviewed Cole.

NARRATIVE:

Upon execution of the three search warrants (one for 190 Holy Road, one for Cole's vehicle, and one for the "club house" located at 174 Holy Road) several items of evidence were located and seized. These items were placed in evidence. They are listed in the property section of this report. Photographs were also taken and attached to this report.

Cole was taken into custody and and transported to Richlands Police Department by deputy Conklin. Lt. Brown obtained two warrants against Cole and he was held without bond.

SUPPLEMENT #1 Lt. Mike Brown - s0300 01/02/2016 01:16

On January 1, 2016 I was called to respond to 190 Holy Road in reference to this incident. While enroute, I was advised that Agent Jeff Starnes with the VSP was responding, due to his training as a Bomb Tech. I was also advised that we weren't able to obtain consent to search the residence and possibly two other locations. I responded to the Richlands Police Department to obtain Search Warrants.

With the assistance of Agent Starnes and Agent Alderson, I was able to obtain 3 search warrants (attached to this report). Upon arrival I made contact with Mr Cole Carini. I discovered him secured in the rear of Sgt Turner's vehicle. I escorted him from that vehicle to mine. I used Deputy Keith Dunn's body camera and recorded my interview. Mr Carini was advised of his miranda warning and agreed to answer some of my questions. He stopped answering when I got to the point about how the device was denotated. He states that someone had purchased it for him that was over 21, but didn't want to give me their name.

I attempted to download the video from Evidence.Com but was unable to do so. I will attempt it again and update this portion of the report with the notes from the interview.

Once the Search Warrant on the residence was completed, Mr Carini was taken into custody. He was transported to the Richlands Police Department where I petition and received two warrants for violation of VA Code 18.2-85. These warrants were served and he was held without bond. Deputy Conklin transported the suspect to the jail.

After the suspect was transported to the jail, this detective cleared the scene and responded to the office to assist with securing the evidence. The evidence was placed in the temporary locker "b" to be moved to the evidence room when the evidence costodian returned to duty.

Throughout the investigation, Melanie Menefee and Capt Neil Turley were updated.

SUPPLEMENT #4 Lt. Mike Brown - s0300 01/04/2016 15:21

On today's date, Sgt Turner and I certified the search warrants to the Circuit Clerks Office. Attached digital copies of the search warrants to the file. I also attached copies of the served arrest warrants, updated the arrestee info, and added the video interview with the suspect.

SUPPLEMENT #14 Sgt. Stephen Turner - s0152 10/21/2018 10:14

Upon checking the court website I discovered that Mr. Carini had entered a plea of Nolo Contendere on 9/5/2017 to two charges of manufacturing an explosive device. The case was then set over for review on 9/10/2018 and then carried over to 9/9/2019. There is no jail/prison time documented (suspended or otherwise) on the court website. It does show that on one of the charges that Mr. Carini has \$2,090.64 in court costs (which he has paid) and is on unsupervised probation for a period of 12 months on each charge.
